Moje Catalog

interior inspired toys

Moje was created out of a deep love for children, beautiful interiors and natural materials. What started as a dream became a reality thanks to a close collaboration between a young Belgian agency and innovative Eastern European factories. Together, we create stylish and sustainable baby products that are made with great care entirely in Europe and tailored to the needs of modern families.

Each piece is handmade by skilled craftsmen who pour their care and dedication into every detail. The products come with a removable, washable cover for easy cleaning. And of course, everything is made according to strict EU safety standards, because nothing is more important than your child's safety. All Moje products are Oeko-Tex and CE certified, meaning they have been independently tested and verified to be free from harmful substances and safe for your little one to use.

At Moje we consciously choose eco-friendly and sustainable materials, gentle on your little one and kind to the planet.

Made in Europe
